All our journals feature Tomoe River paper – appreciated by fountain pen enthusiasts for its silky, velvety texture that allows pens to glide effortlessly across the page. Although nearly half the thickness of standard paper, it is incredibly strong and resistant to bleed through or ink feathering.

Our collection of board covered journals features extra thick covers with a contrasting spine tape for style and durability. The lay-flat binding ensures that your journal opens fully flat, allowing uninterrupted writing and reading across both sides of the paper.

Each book is supplied with lined, squared and dotted guide sheets for different journalling techniques.

VEGAN LEATHER JOURNALS

Karatis journals are crafted to elevate the handwriting experience, particularly for fountain pen enthusiasts.

The premium collection of vegan leather covered journals features soft touch covers with lay-flat binding so that the journal opens fully flat, allowing uninterrupted writing across both sides of the paper.

Inside the journal you will find Tomoe River paper, with a silky, velvety texture that lets pens glide smoothly across the page as well as resisting bleed-through and ink feathering.

Karatis journals are supplied with lined, squared and dotted guides and are presented in an elegant cloth bag.
